

# / 5 SCORERS USER GUIDE

February 4th, 2021

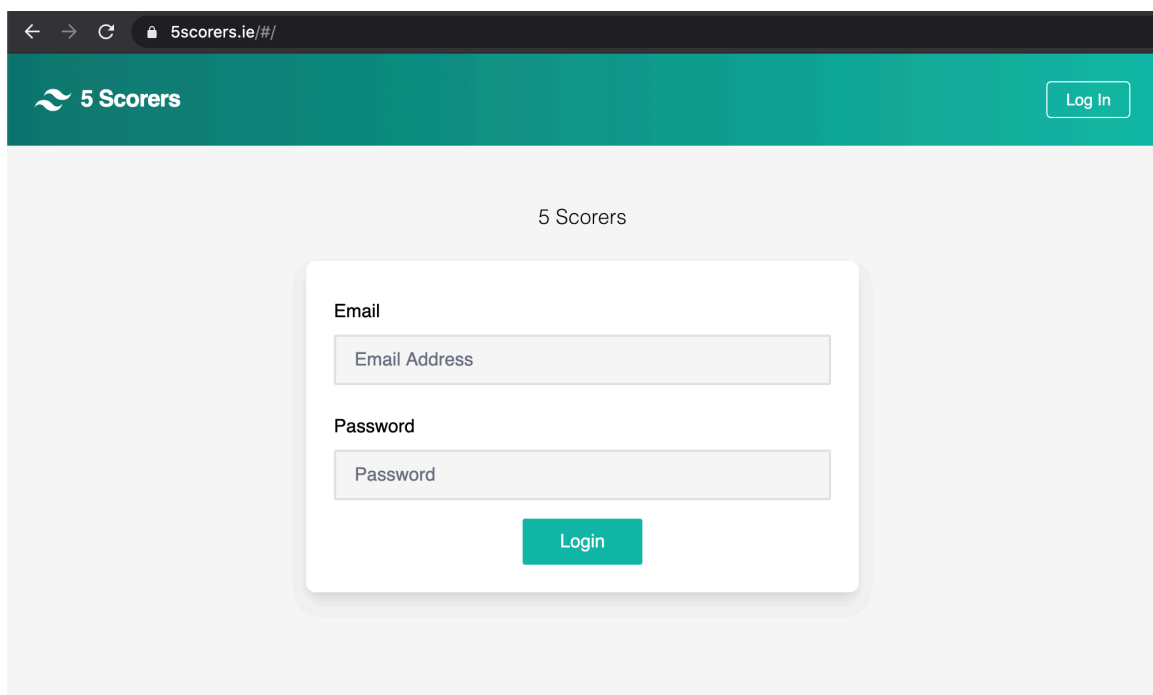

Below is a quick user guide on how to use the [5Scorers.ie](https://5scorers.ie) website.

If you experience any technical issues with using the website, please contact Dave Moore, Niall McDermott or Andy Moore for assistance.

## / LOGGING IN

You can log in to [5Scorers.ie](https://5scorers.ie) using your email address (the one you used previously to send your scorer picks) and your password.

Currently your password is set as the first part of your email address. For example, for user [joebloggs@5scorers.ie](mailto:joebloggs@5scorers.ie) the password would be **joebloggs**.

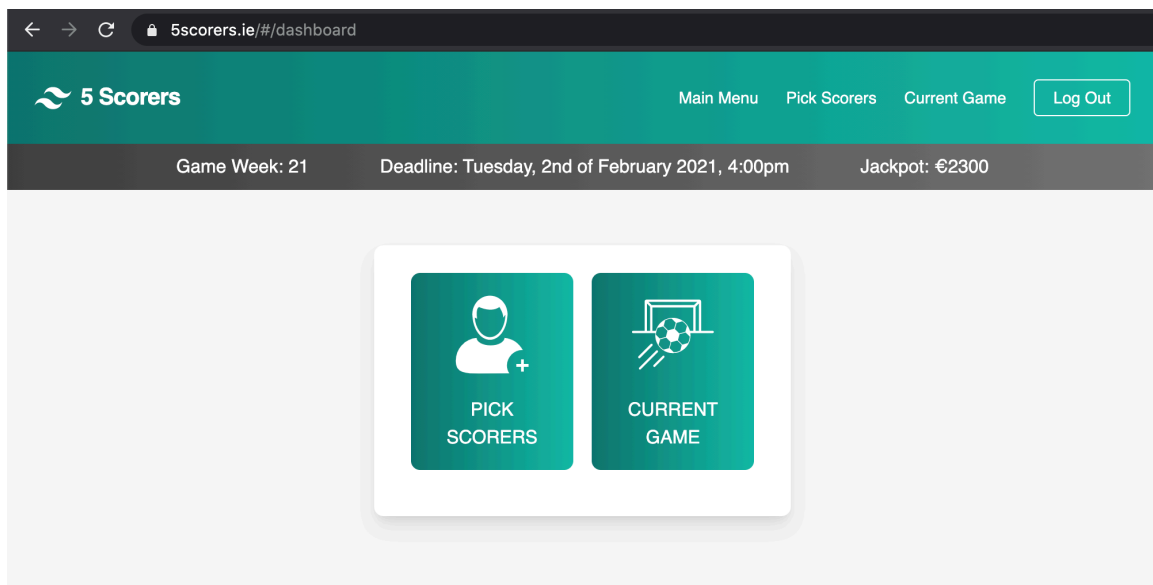

The screenshot shows a web browser window with the address bar displaying "5scorers.ie/#/". The website has a teal header with the "5 Scorers" logo on the left and a "Log In" button on the right. The main content area is light gray and features the text "5 Scorers" centered above a white login form. The form contains two input fields: "Email Address" and "Password", both with placeholder text. Below the fields is a teal "Login" button.

## / MAIN MENU

Once you have logged in successfully you will be presented with the Main Menu. From here you can **Pick Scorers** or view the **Current Game**.

Towards the top of the screen the details of the current game week will be available. These details include the **Game Week** number, **Deadline** for making your choices and the all important **Jackpot**.

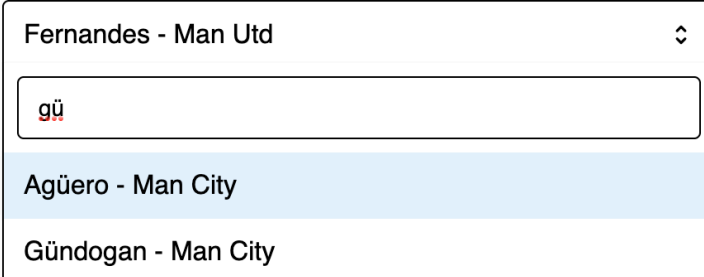

## / PICK SCORERS

To pick your scorers go to the “Pick Scorers” page from the Main Menu or the link in the site navigation in the top menu bar.

You can choose your scorers by clicking / tapping on the drop-down menu for each of the 5 scorer options.

Scorer 1

The interface for Scorer 1 shows a dropdown menu with 'Fernandes - Man Utd' selected. Below it is a search input field containing 'gü'. A list of suggestions is shown below the search field, with 'Agüero - Man City' highlighted in blue. 'Gündogan - Man City' is also visible.

Be careful when making your choices as some players have characters in their name that are not used in English. For example, Sergio Agüero and Ilkay Gündogan both have an “ü” in their name. You will need to use the exact spelling of names when searching.

In most cases, holding down letters with alternative characters for 2 seconds will display a menu where you can select the alternative language characters.

This image shows the Scorer 1 interface with a long-press character menu open. The menu displays five options: 'û', 'ü' (highlighted in orange), 'ù', 'ú', and 'ū'. The search input field below contains 'gü'. The suggestion list below the search field shows 'Agüero - Man City' (highlighted) and 'Gündogan - Man City'.

If you cannot see a player you want to choose, you can scroll through the full list by deleting any text you have added into the search field.

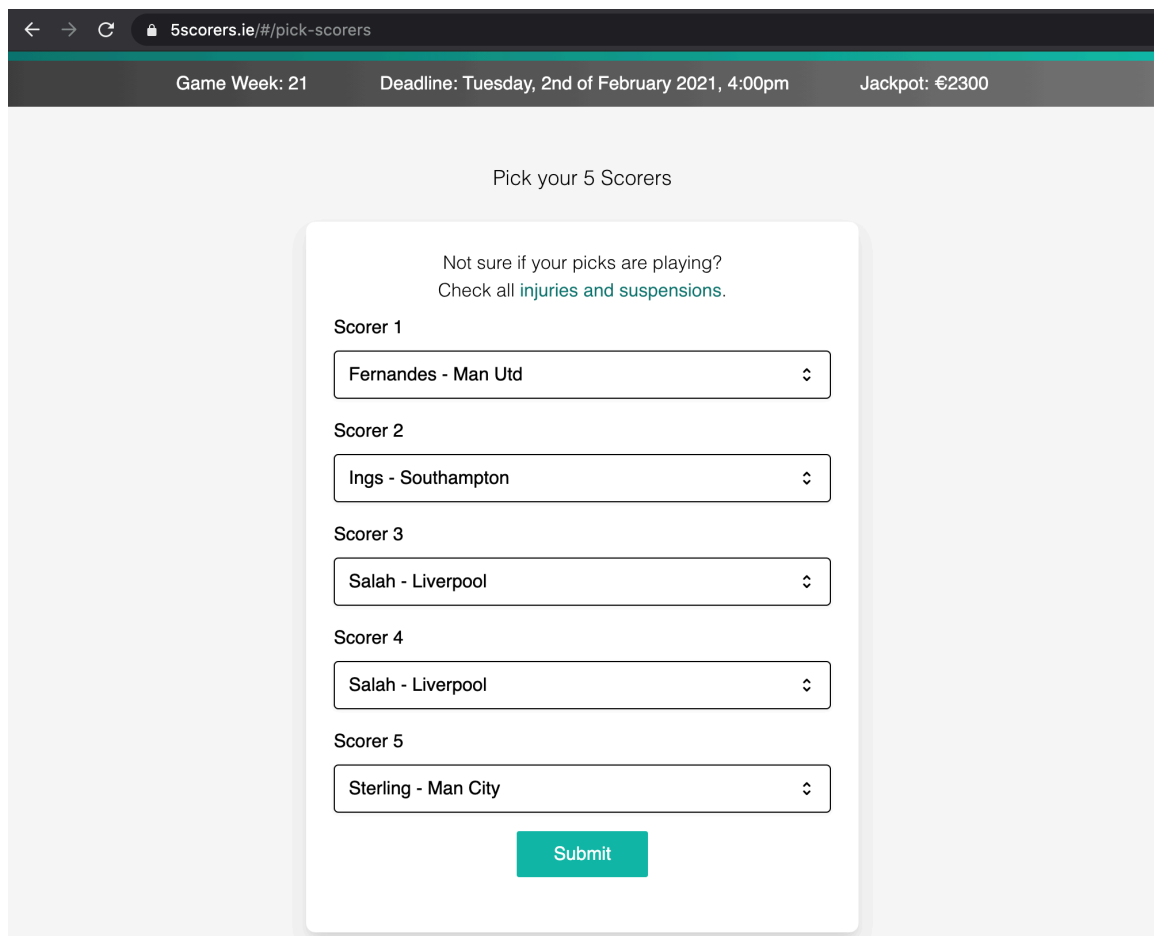

Once you have made your 5 scorer choices click / tap “Submit”.

If you have not chosen 5 scorers, you will not be able to submit your picks.

If the game deadline has passed, you will not be able to submit your picks.

To help you to avoid choosing players that are injured or suspended, a link is included at the top of the form to the Premier Injuries table.

Note: Some players on the choices lists are no longer playing in the English Premier League. The list of players is taken from the live feed of players for the Premier League Fantasy Football game (<https://fantasy.premierleague.com/api/bootstrap-static/>). For example, Sebastian Haller is no longer playing for West Ham, but he does appear in the choices list. If you make a player choice that is no longer playing in the Premier League, it is your responsibility.

The screenshot shows a web browser at the URL 5scorers.ie/#/pick-scorers. The page header includes 'Game Week: 21', 'Deadline: Tuesday, 2nd of February 2021, 4:00pm', and 'Jackpot: €2300'. The main heading is 'Pick your 5 Scorers'. Below this, a message states: 'Not sure if your picks are playing? Check all [injuries and suspensions](#).' The form consists of five rows, each labeled 'Scorer 1' through 'Scorer 5'. Each row has a dropdown menu showing a player's name and team. The selections are: Scorer 1: Fernandes - Man Utd; Scorer 2: Ings - Southampton; Scorer 3: Salah - Liverpool; Scorer 4: Salah - Liverpool; Scorer 5: Sterling - Man City. At the bottom of the form is a green 'Submit' button.
